## Translator's Note:

The "kims" attended to Yato's name was "kim" in jupanew. "kim" is a title which is not as respectful as "-san" ("Mr." or "Ms."), but it islowes more affection. I've made a point of anodding keeping Jupanese titles intact because, after this chapter, much of the story stell be translated from Climese. Rather fluin drop titles entirely, I'm during my best

to find reasonable English equivalents. The distinction between the way Yato's human name and his wolf name are referenced may become

## ONER PRINCIPL

This was the impossible, impossible series marker.

I was very happy because these werichervallers I very much wanted to draw, but when I build drawing the story again, I had brouble, and even though my schee

aroung the scory again; I now brouble, and even though my solute wasn't tight, I would always come to my set's end. I w distressed & Blanca was going to be "a rowe oped and beautiful white stop," and after venous means dog."

Blanca was going to be "ar ope oped and beautiful white dog," and after var own resear ing, keeping the racessity for butance with Yato ar wand, it decided that the availed or hybrid Aktive. Even though I can't do it from observation (grin), I enery divisional or dide of both the opportunity)
